

The Perfect Fit For Your Digital Home

- Play HD content
- Display to HDMI screen
- Enjoy ATI Avivo™ quality
- Experience Windows Vista™ Premium

The Perfect Fit For Your Business PC

- Stable, reliable and consistent platform
- Supported by AMD AVS program
- Affordable multi-monitor with Surroundview
- Complete AMD (CPU + Chipset) solution

The Perfect Fit For Your Every Day Computing

- Modern Graphics and Video
- Windows Vista™ Premium
- Exceptional out-of-box experience
- Great performance for everyday computing

Build a Multi-GPU Platform with the AMD 580X chipset and AMD dual core processors for an outstanding experience.

AMD 580X CrossFire™ Chipset

AMD 580X CrossFire™ is the only single chip 2x16 PCI Express® chipset for AMD processors with: extreme overclocking and complete system control. Its perfectly suited for the AMD Athlon 64 X2.

- Outstanding Performance
- Maximum Flexibility
- Unprecedented Control
- Robust, Quiet and Energy Efficient

Motherboard Features	AMD 580X
Overclocking	Extreme
PCIe Slots	2 x 16
PCIe lanes	40
SATA II	Yes
Dual Gbit LAN	Yes
High Definition Audio	Yes
RAID	0,1, 0+1
USB	10

AMD 480X CrossFire™ Chipset

AMD 480X CrossFire™ Chipset provides Multi GPU option to every PC user. AMD 480X Chipset combines outstanding quality, performance and upgradeability to multi-GPU operation – at unprecedented cost.

- Multi-GPU Ready
- Compatible with all AMD Processors
- Cool and Quiet

Motherboard Features	AMD 480X
Overclocking	Good
PCIe Slots	2 x 8
PCIe lanes	24
SATA II	Yes
Dual Gbit LAN	Yes
High Definition Audio	Yes
RAID	0,1, 0+1
USB	10

Why settle for a single GPU motherboard when you can get Multi-GPU with AMD 480X chipset at an exceptional value.
